

Immunological Biotherapies: Concepts and Development (IBCD)

Paris local time

Monday, June 17th 2019

Videoconference room 603, 6th floor, building 105
Bd de l'hôpital, Pitié-Salpêtrière School of Medicine

- **15h00-15h30**
Opportunities and challenges in immunotherapy
Miriam Merad, ISMMS, New York, USA
- **15h30-16h10**
Principles and definition of innovative immunological biotherapies
François Lemoine, Sorbonne-Université, CIMI-Paris, France
16h10-16h25 Discussion

30min-break

- **17h00-17h40**
Monoclonal antibodies: structures and mechanisms
Jean-Luc Teillaud, Sorbonne-Université, CRC, Paris, France
17h40-17h55 Discussion
- **18h00-18h40**
The Tissue Immunity Cycle
Sebastian Amigorena, Institut Curie, Paris, France
18h40-18h55 Discussion

Tuesday, June 18th 2019

12h-13h	Room 013, building 91, Bd de l'hôpital, Pitié-Salpêtrière
Costimulatory Bispecific Antibodies in Cancer Immunotherapy	
<i>Dimitris Skokos, Regeneron, NY, USA</i>	
<i>Recorded videoconference and discussion during lunch time (lunch provided)</i>	
13h-14h	Room 013, building 91, Bd de l'hôpital, Pitié-Salpêtrière
Immunogenomics in cancer	
<i>Timothy Chan, MSKCC, NY, USA</i>	
<i>Recorded videoconference and discussion during lunch time (lunch provided)</i>	

Videoconference room 603, 6th floor, building 105
Bd de l'hôpital, Pitié-Salpêtrière School of Medicine

- **14h30-15h10**
Mycobacterium Tuberculosis Vaccine
Camille Locht, Pasteur Institute Lille, Lille, France
15h10-15h25 Discussion
 - **15h30-16h10**
Gene therapy of primary immunodeficiencies
Alain Fischer, Necker Hospital, Paris, France
16h10-16h25 Discussion
- 30min-break
- **17h00-17h40**
Microbiome and diseases
Laurence Zitvogel, Institut Gustave Roussy, Villejuif, France
17h40-17h55 Discussion
 - **18h00-18h40**
Harnessing innate lymphocytes to improve immunotherapies
Eric Vivier, CIML, Marseille, France
18h40-18h55 Discussion

Wednesday, June 19th 2019

12h-13h	Room 013, building 91, Bd de l'hôpital, Pitié-Salpêtrière
Virus engineering for therapeutic delivery	
<i>Ben TennOver, MSSM, NY, USA</i>	
<i>Recorded videoconference and discussion during lunch time (lunch provided)</i>	
13h-14h	Room 013, building 91, Bd de l'hôpital, Pitié-Salpêtrière
Combination immuno-therapy	
<i>Matt Hellman, MSKCC, NY, USA</i>	
<i>Recorded videoconference and discussion during lunch time (lunch provided)</i>	

Videoconference room 603, 6th floor, building 105
Bd de l'hôpital, Pitié-Salpêtrière School of Medicine

- **14h30-15h10**
Modulating the tumor stroma to improve antitumor immunity
Shannon Turley, Genentech Inc., South San Francisco, USA
15h10-15h25 Discussion
- **15h30-16h10**
Immune Checkpoint blockade in cancer care
Aurélien Marabelle, Institut Gustave Roussy, Villejuif, France
16h10-16h25 Discussion
- 30min-break
- **17h00-17h40**
CAR T cell therapy
Michel Sadelain, MSKCC, New York, USA
17h40-17h55 Discussion
- **18h00-18h40**
Neoantigen vaccine approaches for treatment of cancers
Harpreet Singh, Immutics Inc., Houston, USA
18h40-18h55 Discussion

Thursday, June 20th 2019

12h-13h	Room 013, building 91, Bd de l'hôpital, Pitié-Salpêtrière
HIV: History of vaccination and therapies	
<u>Bruce Walker</u> , MIT, Cambridge, USA	
<i>Recorded videoconference and discussion during lunch time (lunch provided)</i>	
13h-14h	Room 013, building 91, Bd de l'hôpital, Pitié-Salpêtrière
CRISPR-based therapy	
<u>Brian Brown</u> , MSSM, New York, USA	
<i>Recorded videoconference and discussion during lunch time (lunch provided)</i>	

Videoconference room 603, 6th floor, building 105
Bd de l'hôpital, Pitié-Salpêtrière School of Medicine

- **14h30-15h10**
Immunotherapy of Inflammatory Bowel Disease
Saurabh Mehandru, MSSM, NY, USA
15h10-15h25 Discussion
- **15h30-16h10**
Th17 pathway in diseases
Dan Littman, NYU, New York, USA
16h10-16h25 Discussion
- 30min-break
- **17h00-17h40**
Principle of the inflammatory response
Ruslan Medzhitov, Yale, New Haven, USA
17h40-17h55 Discussion
- **18h00-18h40**
Immunotherapy of Rheumatoid Arthritis
Marc Feldmann, Kennedy Institute of Rheumatology, University of Oxford, UK
18h40-18h55 Discussion

Friday, June 21st 2019

12h-13h	Room 013, building 91, Bd de l'hôpital, Pitié-Salpêtrière
Immunotherapy of Systemic Lupus Erythematosus	
<i>Virginia Pascual, Weill Cornell, NY, USA</i>	
<i>Recorded videoconference and discussion during lunch time (lunch provided)</i>	
13h-14h	Room 013, building 91, Bd de l'hôpital, Pitié-Salpêtrière
Immunotherapy of Atherosclerosis	
<i>Chiara Giannarelli, MSSM, NY, USA</i>	
<i>Recorded videoconference and discussion during lunch time (lunch provided)</i>	

Videoconference room 603, 6th floor, building 105
Bd de l'hôpital, Pitié-Salpêtrière School of Medicine

- **15h00-16h10**
Immune Monitoring : Tools and Technologies
Adeeb Rahman, MSSM, NY, USA
16h10-16h25 Discussion

30min-break
- **17h00-17h40**
Multiplex tissue imaging techniques
Michael Angelo, Stanford, CA, USA
17h40-17h55 Discussion
- **18h00-18h40**
Final lecture
George Yancopoulos, Regeneron, NY, USA
18h40-18h55 Discussion
